Searches by Judith Batt

At Pukekohe Branch, NZSG

Only searching for URIDGE and DEAS - no other spelling alternatives.

Assumptions

- started search for Uridge from 1874 - year of arrival
- started search for Deas 1890 - year of marriage

Searched of the following records

- New Zealand Death microfiches for the years 1874-1894
- New Zealand Death microfiches for the years 1915-1919
- New Zealand Death microfiches for Deas for the years 1890-1924
- New Zealand Birth microfiches for the years 1874-1919
- New Zealand Birth microfiches for Deas for the years 1890-1919
- New Zealand Marriage microfiches for the years 1874-1899
- Electoral roll microfiches - 1893 - women on the first electoral roll, DEAS

Still to do

- New Zealand Death microfiches from 1935
- New Zealand Death microfiches from 1925 for Deas
- New Zealand Birth microfiches from 1920
- New Zealand Marriage microfiches from 1900
- Electoral Rolls for Deas
- Wises for Deas

Issues arising:

- Every entry for Deas has been noted for the years searched. It seems to be a rare name.
- In 1893 Jessie Deas and Isabella Deas were on the electoral roll; these may be Walter Deas' sisters. They are not his daughters.
- The Jessie who died could be sister or daughter - this can't be proven from the microfiches.
- There were two Uridge boys born in 1898 but not in the same quarter. Teresa, are you sure all the children attributed to Thomas and Fanny are theirs and not John and Katies?
- I have no idea whether the Deas births in 1917-1918 are related; a further search of the marriage microfiches might give a clue.

A transcript of the frontispiece for Wises is on the last page.

New data is highlighted in yellow.
